+ THAN A TRADE SHOW

**WE BRING FAIRS
TOGETHER TO BOOST
OPPORTUNITIES**

BEC! will be turned into one of the country's biggest meeting points for Advanced Manufacturing and Industry 4.0.

BEC
2023
6-8 JUNE

SIMULTANEOUSLY AT +INDUSTRY

INTERNATIONAL TRADE FAIR
ON ADDITIVE MANUFACTURING
AND 3D PRINTING

The only professional industrial exhibition in Spain aimed exclusively at the industrial application of additive manufacturing and 3D printing

TRANSFORMING
INDUSTRY

The latest developments in digital transformation, a not-to-be-missed event to face the new technological challenges to accelerate production and make it more flexible.

INTERNATIONAL TRADE FAIR FOR
INDUSTRIAL MAINTENANCE

The International Fair on Industrial Maintenance will feature the state-of-the-art technology and solutions for all aspects of maintenance: corrective, preventive and predictive or advanced.

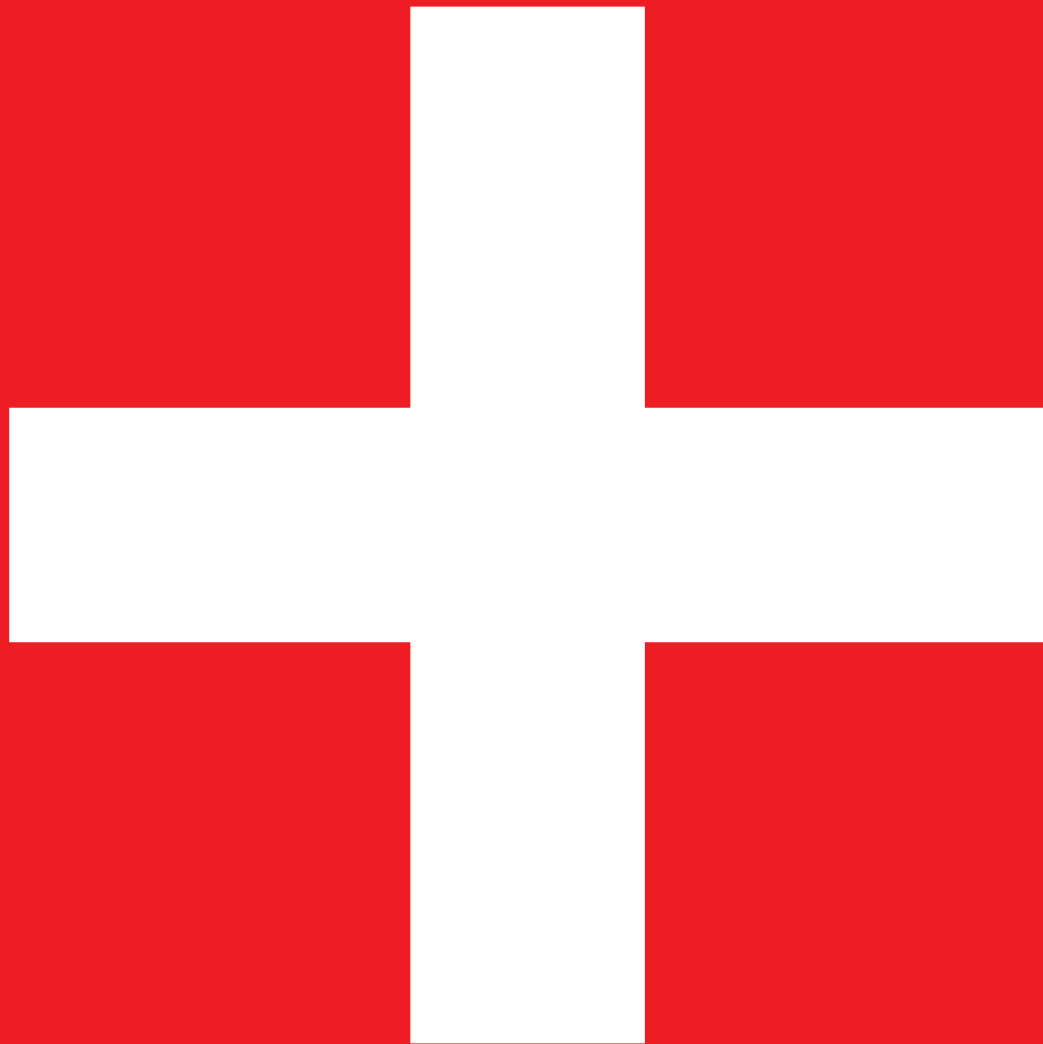

TRADE SHOW FOR PUMP AND
VALVE SYSTEMS AND EQUIPMENT
FOR INDUSTRIAL PROCESSING

International trade show on pumps, valves and equipment for industrial processes with technical solutions for industry and a high degree of specialisation.

INTERNATIONAL EXHIBITION OF
MANUFACTURING PROCESSES
AND EQUIPMENT

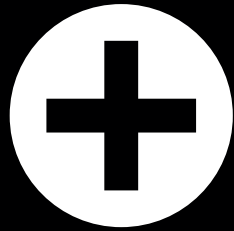

The International Fair of Manufacturing Processes and Equipment reaffirms itself as the only trade show in Spain devoted to subcontractor SMEs who work with demanding sectors and tailor-made solutions.

EXHIBITION SECTORS

LOCKSMITH

- Locksmith
- Fittings and safety

INDUSTRIAL SUPPLIES

- Abrasive products
- Adhesives and sealants
- Sheets, profiles and metal piping
- Transmission components
- Greasing and lubrication
- Workshop machinery
- Pneumatics, airbrushing
- Pneumatics, compressors
- Pneumatics, tools
- Welding, gases, accessories
- Industrial furniture
- Other supplies

FIXINGS

- Fixings
- Riveting
- Screws

INDUSTRIAL HARDWARE

- Scaffolding, ladders
- Signage and marking
- Other industrial hardware

ELECTRICITY AND INDUSTRIAL LIGHTING

CUTTING TOOLS

SERVICES FOR COMPANIES

- Business associations
- Institutions and official organisations
- Technical journals

HAND TOOLS

- Hand tools
- Measurement and laser
- Metrology, control and marking

HAND-HELD PORTABLE POWER TOOLS

- Hand-held portable power tools
- Woodworking tools

VISITOR PROFILES

INDUSTRY

- Aeronautics
- Automotive industry
- Capital goods
- Electronics
- Energy
- Railway industry
- Metal industry
- Iron and steel industry

DISTRIBUTION

- Industrial supplies
- Hardware cooperatives and purchasing groups
- Hardware stores
- Large hardware retail
- Sectoral associations

PROFESSIONAL USERS from the following professions:

- Locksmith
- Plumbing / heating
- Shipbuilding
- Electricity
- Woodwork

AN INNOVATIVE, DYNAMIC AND TRANSVERSAL WAY OF CONNECTING

The third edition of **+INDUSTRY** creates **extremely dynamic spaces**, where visitors can interact and discover the latest products and innovations in very different ways.

WITH A PRACTICAL APPROACH THAT WILL COMBINE THE EXHIBITION AREA WITH:

- Keynote speeches
- Live demos
- Innovation workshops
- Pre-arranged B2B meetings
- And other complementary tools that will help to increase the commercial impact in alternative formats.

The joint holding of these exhibitions will provide participants with a large industrial space where they can make direct contact with other companies of interest as potential clients.
